

SUDHANSHU RANJAN

+91 9122884453 | sudhanshuranjan0109@gmail.com | LinkedIn | GitHub | LeetCode

Aspiring Software Engineer and B.Tech CSE student with a focus on Full-Stack Development and Backend Architecture. Proficient in Python, Java, and Django REST Framework, with experience building scalable systems like healthcare platforms and automated office managers. Committed to writing clean, optimized code and delivering impactful digital solutions for real-world problems.

TECHNICAL SKILLS

Languages: Java, Python, C, JavaScript (ES6+)
Frontend: HTML5, CSS3, React.js, Tailwind CSS
Backend: Django, Flask, REST APIs (DRF)
Databases: MySQL, PostgreSQL, SQLite
Tools: Git, GitHub, VS Code, Postman, System Design

PROJECTS

healthcare+ – Transparent Hospital Workflow System

[GitHub Link](#)

Django REST Framework, React.js, SQLite, REST APIs

- Built an end-to-end healthcare ecosystem with role-based access for Doctors, Patients, and Admin staff.
- Implemented a smart appointment booking engine and queue optimization system to manage real-time patient flow.
- Developed a digital prescription service with automated medicine reminders and a transparent, price-locked billing module.
- Designed a fraudulent-resistant lab testing system and an emergency ambulance dispatch system using the FCFS model.

Office Management System

[GitHub Link](#)

Django, PostgreSQL, Bootstrap

- Developed a comprehensive web application to automate office administration and centralize employee record-keeping.
- Implemented full CRUD functionality and optimized complex relational database schemas to improve workflow efficiency.
- Created automated business logic for secure data handling and real-time record updates across office modules.

Sidcup Family Golf Clone

[GitHub Link](#)

HTML, CSS, JavaScript, GSAP Animations

- Engineered a visually immersive frontend clone with advanced CSS animations and scroll-trigger effects.
- Prioritized responsive UI/UX design to ensure seamless functionality across modern mobile and desktop browsers.

EDUCATION

B.Tech in Computer Science Engineering | Parul Institute of Technology

2024 – 2028

Current CGPA: **7.53 / 10**

CBSE Class XII

2024

Percentage: **75%**

CBSE Class X

2022

Percentage: **93%**

CODING PROFILE

LeetCode: leetcode.com/u/sudhanshuranjan0109

Regularly solving DSA problems focusing on Array, String, and Dynamic Programming.

STRENGTHS

Problem Solving, Backend Development, Rapid Learning, Team Collaboration.
